PROFILE

Dedicated Front-end Developer with a passion for design and a proven record of problem solving. I have a background in management and team development and prioritize the well being of my clients and co-workers, I use my years of experience honing effective communication to create positive, accessible, and user-friendly digital experiences

PROJECTS

3RD PROJECT | [LIVE] [REPO]

SCSS, HTML, JavaScript

Complete PSD Conversion project featuring multi-page responsive design, style guide adherence & implementation and mobile design. Made interactive with JavaScript. Implements version-control via Github and file-naming conventions with Sass partials

POCKETBOOKS (API WEB APP) | [LIVE] [REPO]

HTML, JavaScript, CSS, RESTful API

A book finding app that utilizes the openlibrary API to take user information and display books based on category. Features multiple API calls and filters to help the user find the perfect book, and helps them find a library near them to borrow from.

PLANTED (PSD CONVERSION) | [LIVE] [REPO]

SCSS, HTML, JavaScript

Complete PSD Conversion project featuring multi-page responsive design, style guide adherence & implementation and mobile design. Made interactive with JavaScript. Implements version-control via Github and file-naming conventions with Sass partials.

EXPERIENCE

Front Store Manager - Shoppers Drug Mart | 2010 - 2020

Managed team of 50 employees and planned/scheduled projects and goals on weekly, monthly, and yearly basis. I was responsible for training and development towards certification and leadership across multiple disciplines/departments. Implemented key standards and executed strategy pivots. Facilitated positive working environments and employee satisfaction and engagement initiatives
